3. ADMINISTRATION

- 3.1 The Chief Administrative Officer may delegate the administration of this Bylaw to the following employee positions:
 - 3.1.1 Operations Foreman or their delegate;
 - 3.1.2 Manager of Corporate Services;
 - 3.1.3 Administrative Assistant or position similar thereof.

4. GENERAL

- 4.1 The Town, having constructed, operated and maintained a Water System as a public utility shall continue, insofar as there is sufficient capacity and supply of water, to supply water, upon such terms as Council considers advisable, to any Owner within the Town's Urban Service Area or situated along the Town's Water Main.
- 4.2 In providing a Service Connection to Town Water Mains, the Town shall provide and install all Facilities up to the Point of Delivery or Water Service Connection point subject to the terms of this Bylaw. The Town shall remain the Owner of all Facilities provided by the Town for a Service Connection unless the Town and the Consumer have expressly agreed in writing otherwise. Any payment made by the Consumer reimbursing costs incurred by the Town in installing Facilities does not entitle the Consumer to ownership of any such Facilities unless an agreement in writing between the Town and the Consumer specifically provides otherwise.
- 4.3 An Owner is responsible for providing such facilities as considered necessary in order to have a continuous and uninterrupted supply of water for the Owner's specific needs provided such facilities are approved by Planning and Development Services and provided that such facilities do not interfere with the operation of the Water System.
- 4.4 The Town's employees, agents and other representatives shall have the right to enter a Consumer's premises at all reasonable times for the purpose of installing, maintaining, inspecting, sampling, replacing, testing, monitoring, reading or removing the Town's Facilities and for any other purpose incidental to the provision of a Service Connection. The Consumer shall not prevent or hinder the Town's entry.
- 4.5 The Town has the right to enter a Consumer's premises at any reasonable hour in order to:
- 4.5.1 Install, inspect, test, repair or remove Town Facilities or equipment;
 - 4.5.2 Perform necessary maintenance to Town Facilities or equipment;
 - 4.5.3 Investigate a Consumer complaint or query;
 - 4.5.4 Conduct a surprise inspection of a concern with unauthorized use of water or tampering with the Water System including but not limited to the Meter and Service.
- 4.6 Before entering premises, the Town will make reasonable effort to notify the Consumer or other responsible Person who is at the premises and who appears to have sufficient authority to permit entry except:
- 4.6.1 In the case of emergency;
 - 4.6.2 Where entry is permitted by order of a court or administrative tribunal;
 - 4.6.3 Where otherwise legally empowered to enter;
 - 4.6.4 Where the purpose of entry is in accordance with Sections 4.5.3 or 4.5.4.
- 4.7 The Town shall not be liable for damages furniture, appliances, electronics or other such building contents including building losses:
- 4.7.1 Caused by a break within the Town's Water System; or
 - 4.7.2 Caused by the interference or cessation of water supply necessary in connection with the repair or proper maintenance of the Town Water System; or
 - 4.7.3 Generally for any accident due to the operation of the Town Water System, unless such action has been shown to be directly due to the negligence of the Town or its employees.
 - 4.7.4 Disconnection of service due to arrears
- 4.8 No Person shall connect or cause to connect any other source of water to the Water System, either directly or indirectly.
- 4.9 No Person shall use an alternate source of water supply other than the Water System without submitting a written application and obtaining the consent of the CAO or their delegate; provided that:

- 4.9.1 The CAO or their delegate, may give consent to an Owner using an alternate source of water, subject to such terms and conditions as the CAO or their delegate, deems necessary and, notwithstanding the generality of the foregoing, he/she may set a limit on the period of time for which an alternate supply of water may be used.
- 4.10 No Person who has been granted permission to use an alternate source of water supply shall allow the alternate source of water to be connected to the Water System.
- 4.11 In all cases where boilers or equipment of a nature similar to that of a boiler are supplied with water from the Water System, the Owner of the boilers or other equipment shall equip such with at least one safety valve, vacuum valve, backflow preventer device or other proper device required by the Alberta Safety Codes Act to prevent the collapse or explosion thereof in the event the water supply is shut off, in addition to backflow prevention to ensure potentially contaminated water does not enter the municipal system.

5. DUTIES AND MANAGEMENT

- 5.1 The Chief Administrative Officer is responsible for the administration and enforcement of this Bylaw including:
- 5.1.1 The general installation, maintenance and management of the Water System;
 - 5.1.2 The distribution and use of the water from the Water System;
 - 5.1.3 Enforcing terms and conditions under which water from the Water System is supplied to or made available for use by an Owner, Householder, Person or Consumer and for shutting off the water or discontinuing the Water Service until the Owner, Householder, Person or Consumer complies with the terms and conditions so designated.
- 5.2 In addition to the Municipal Servicing Standards, the Town may establish standards, guidelines and specifications for the design, construction and maintenance of the Water System.
- 5.3 For the purposes of administering or enforcing the provisions of this Bylaw, the Chief Administrative Officer may delegate their powers to one or more employees of the Town including the Manager of Corporate Services, Operations Foreman or their delegate.

6. CONSTRUCTION AND INSTALLATION OF SERVICE PIPE

- 6.1 No person, without first filing an application or submitting a letter of request for construction and installation to obtain permission to do so from the Town of Legal, shall make connection whatsoever to any of the Town's Water Mains.
- 6.2 All applications for construction and for all installations contemplated under this Bylaw shall be done or made in accordance with the provision of the Safety Codes Act, RSA 2000, c. S-1 as amended from time to time and regulations made there under and the Town's Municipal Servicing Standards. The applicant shall be totally liable for any damage caused while making such connections.
- 6.3 No person shall install or permit to be installed an additional Service Pipe between a Water Meter and the CC, located at or near the property line.
- 6.4 The Owner of multiple housing and commercial developments shall submit service design plans, duly signed by a Professional Engineer, to the CAO or their delegate, for review and approval prior to construction start.
- 6.5 An Owner shall provide to the CAO or their delegate, two (2) sets of "As Built" plans, together with a letter indicating that the Private Service is fully operational and satisfactory bacteria sampling results have been provided. The Town may require that the plans together with a letter duly signed by a Professional Engineer indicating that the private service is fully operational and satisfactory bacteria sampling results have been provided.

7. SERVICE PIPE FOR DOMESTIC PURPOSES

- 7.1 Neither the Town employees, nor their agents, shall carry out any work pertaining to the construction or repair or renewal of Service Pipe on private property, except with the authority of the CAO or their delegate, and then only after satisfactory arrangements have been made with the Owner for payment for doing such work.
- 7.2 Unless the CAO, or their delegate, determines otherwise, at the request of the Owner, a Service Pipe shall be constructed only to those properties, which Abut directly on the Town Water System.
- 7.3 A Service Pipe shall not be extended from one lot to another.
- 7.4 Upon notice to any Owner that an existing Private Service fails to meet the requirements of the Bylaw or for any reason is unsatisfactory to the CAO or their delegate, the Owner shall effect the changes required in the notice by the date specified in the notice at the expense of the Owner.
- 7.5 All additional construction costs on the Service Pipe and after Point of Delivery due to development on private property, including additional costs required for repairing of disturbed streets, shall be borne by the Owner on whose property development is occurring.
- 7.6 An Owner shall be responsible for the cost to thaw out frozen Service Pipes from the point of delivery or curb cock to the dwelling as per Fee Schedule Policy 2.10. The Town shall be responsible for the cost to thaw out frozen Service Pipes from the distribution main to the point of connection or curb cock. The Town shall provide the service to the Owner and the Owner shall pay for the thawing of the Service Pipe.
- 7.7 When a Service Pipe passes through an excavation or backfill, or through a basement way, finished or unfinished, or through a retaining wall, the Town shall not be responsible for any damage due to displacement, settlement, or any cause due to the Owner's operations, whether the damage occurs during construction or afterwards.
- 7.8 In the event that mains are required in order to provide services for the applicant, the applicant will be required to pay the cost of the said mains.
- 7.9 The CAO may refuse to make any new connection or install any new or change any existing service at any time for any reason, which it may consider sufficient.

8. INSTRUCTIONS FOR PLUMBING AND MECHANICAL CONTRACTORS

- 8.1 Conditions in this section apply to the portion of a Service Pipe from the CC through to the Meter and apply to both new construction and to any renewal, alteration or change in old construction. Plumbers and Contractors shall comply with the provisions of the Safety Codes Act, RSA 2000, c. S-2, and its regulations.
- 8.2 The Point of Delivery to private property, as agreed to at the time of application, for a Service Pipe shall be strictly adhered to; costs arising from non-adherence shall be borne by the Owner.
- 8.3 Construction specifications of all new construction or repair/replacement of old construction will adhere to Municipal Servicing Standards as deemed by the Town.
- 8.4 All contracts formed by the filing of an application for water and the acceptance thereof by the Town are hereby declared to be subject to all the terms and conditions of this bylaw, which shall be understood as forming part of all contracts for the supply and distribution of water.
- 8.5 The Town upon approval from the CAO, or their delegate, may allow the use of unmetered water during the construction phase of a principal building. The Consumer must ensure a back flow preventer is installed prior to use to avoid cross contamination of the potable water source.

9. WATER METERS

- 9.1 The Town shall remain the Owner of all metering facilities it provides to serve the Consumer, unless the Town and the Consumer have expressly agreed in writing otherwise the CAO or their delegate, shall determine the size and type and number of Water Meters to be supplied and installed by the Town. The CAO or their delegate, shall approve the Metering requirements where water is supplied for fire protection purposes.
- 9.2 The Town shall supply, install, own and maintain all Water Meters and Meter Pits in accordance with manufacturers' specifications, except those privately owned or in a separate agreement for ownership and operation with the Town on the understanding that the Owner shall give every facility for the introduction, placing, and inspection of such water meter and meter pit and the reading of such water meter.
- 9.3 The User shall provide on the land or premises a suitable place for a water meter and the outside register and shall be responsible for the safekeeping of the water meter and outside register; any damage resulting from frost, heat, overheating of water or damage resulting from neglect by the User will be charged to the User. The User shall provide on the service piping a control valve of approved pattern. This control valve shall be so placed that the supply of water can be shut off prior to entering the water meter. The User shall not draw water from the service piping in advance of the meter.
- 9.4 The User shall keep his service piping and all fixtures connected thereto in good repair and well protected, at his own expense. The Town will not be responsible for any piping beyond its own property lines.
- 9.5 No person, other than an employee or representative of the Town shall install, test, remove, repair, replace, or disconnect a Water Meter.
- 9.6 No person shall interfere with or tamper with the operation of any Water Meter or Remote Meter Reading Device, subject to 9.5. Any person interfering with or tampering with any meter seal, meter reading equipment, or water shut-off equipment, shall be liable to a penalty as laid down in the Fee Schedule Policy 2.10.
- 9.7 The Town may charge for and recover from the Owner the cost of supplying, installing, altering, repairing, relocating or replacing a Water Meter. Any such charge may be collected in the same manner as water rates.
- 9.8 All Water Service Connections must be constructed and installed in an approved manner. Should the Water Service Connection not be constructed according to the approved application the Town:
- 9.8.1 May enter the premises to construct, maintain or repair the Water Service Connection; or
- 9.8.2 Shall have the right to refuse to supply water to the premises
- 9.9 No Owner shall relocate, alter, or change any existing Water Metering facilities. The Owner shall submit plans and specifications for any proposed relocation of Water Metering facilities and, if approved by the CAO or their delegate, the Owner shall pay the entire cost, including any costs incurred by the Town, in making such relocation, alteration, or change.
- 9.10 The Owner of a premise in which a Meter is located shall;
- 9.10.1 Comply with all directions of the Town to prevent Meter damage due to frost, heat, or other causes;
- 9.10.2 Promptly notify the Town of any condition or event which has resulted in any meter damage due to frost, heat or other causes.
- 9.11 If a meter is damaged or destroyed, the Owner of the premise in which the Meter is located shall pay for the entire cost of the Meter removal, repair and re-installation or for the cost of replacing the Meter.

- 9.12 Repairs necessitated to meters through normal operation and wear will be repaired by the Town and will be considered as an operation expense and as such charged to the Town's operating budget.
- 9.13 Should the CAO or their delegate, determine that a Meter should not be positioned inside a premise to which Service is provided; the Owner shall construct a Meter Pit on the Owner's property near the property line at the Owner's expense and in accordance with the Municipal Servicing Standards.
- 9.14 Unless otherwise determined by the Operations Foremen or their delegate, for single-family dwellings and for single unit commercial or industrial buildings, a single Water Service Connection shall be constructed, and a single Meter shall be installed by the Town.
- 9.15 In the event a water meter cannot be read remotely, the CAO or their delegate, notwithstanding 4.4 and 4.5 of this agreement will require to gain access to the premises for the purpose to read the meter and repair the meter. In the event a Consumer refuses to allow a Meter to be read for a period in excess of two (2) months from the date the meter was found to be faulty, the CAO or their delegate, may shut off the supply of water to that Meter until access is gained for the meter read and the repair of the meter..
- 9.16 No Person shall do, or shall cause to be done, or shall permit to be done, any act which may obstruct or impede direct safe and convenient access to a Meter for the purpose of installation, inspection, removal, repair, replacement, reading or the like at all times.
- 9.17 If access to a Meter cannot be obtained, the Town will send estimated bills.
- 9.18 If required for any reason, Town employees may request to have a Town Bylaw Enforcement Officer accompany them to any Consumer's residence or business for any reason.
- 9.19 In the event of a discrepancy between the Remote Meter Reading Device and the Meter, the Meter shall be deemed correct.
- 9.20 If an Owner doubts the accuracy of a meter installed in a building s/he owns or occupies, a written notice must be given to notify the Town and a deposit in accordance with the Fee Schedule Policy 2.10 - Meter Testing (refer to Fee Schedule Policy 2.10) shall accompany the written notice. The Town shall have the Meter tested by an Approved external agency, after the written/s notice and deposit is received.
- 9.21 If the test shows the Meter is recording between 98.5% and 101.5% of true consumption, the Owner shall forfeit the deposit to cover the cost of the testing, including the cost of the meter change-out by a Town employee or agent. If the test shows the Meter is not recording between 98.5% and 101.5% of true consumption, the Consumer will be credited back the deposit, the meter will be repaired or replaced with another meter and the expense shall be borne by the Town, and the rates for the previous two (2) meter reading periods shall be adjusted by the same percentage as the meter found to be in error, provided however, that no rate shall be reduced below a minimum rate normally charged, if one exists.
- 9.22 The Owner may be notified of test results and receive a copy of the test results.

10. HYDRANTS AND VALVES

- 10.1 No person(s) other than Town employees or persons authorized by the Town shall open, close, or interfere with any valve, hydrant or fireplug, or draw water therefrom.
- 10.2 The Chief of the Town Fire Department, his/her assistants, officers and members of that Department, are authorized to use the hydrants or plugs for the purpose of extinguishing fires, for fire protection, for equipment testing, and for fire training practices, but all such uses shall be under the direction and supervision of the said chief or his/her duly authorized assistants, and in no event shall any inexperienced or incompetent person be permitted to manipulate or control in any way, hydrants or plugs.

- 10.3 No person(s) shall in any matter whatsoever obstruct or interfere with the free access to any hydrant, valve or curb cock. No vehicle, building, rubbish or any other matter which would cause such obstruction or interference shall be placed nearer to a hydrant than the property line of the street where the hydrant is located nor within five (5) meters of either side of the hydrant in a direction parallel with the property line. Costs of repairs required as a result of obstruction or damage to any hydrant, valve or curb stop are the responsibility of the person who caused the obstruction or damage.

11. UNAUTHORIZED USE, INTERFERENCE OR OBSTRUCTION

- 11.1 Any person obtaining water service from the Town shall only use the water supplied for that person's own use and that person shall not vend, sell, dispose or distribute the water supplied to third parties.
- 11.2 No Person, other than Town employees or agents, or those authorized to complete new installations or repairs to existing services shall operate, handle or interfere with the Town's provision of a Service including the Town's CC's, valves, and pipes; nor shall any unauthorized Person operate, handle or interfere with a Town meter, meter seal, or meter reading equipment.
- 11.3 No Person, other than Town employees or agents, or those authorized by the CAO or their delegate, shall make, keep, use or dispose of any key or wrench, the purpose of which is to operate any valve, CC, fire hydrant, Meter Pit, or any other Appurtenances on the Town's water system.
- 11.4 No Person shall obstruct or impede direct and free access to the Town's Water System. Costs of removing obstructions or impediments shall be borne by the offending party, and may be added to the utility bill.
- 11.5 Any Person found in violation of 11.1, 11.2, or 11.3 is subject to Interference, Tampering, or Unauthorized Use penalty as per Fee Schedule Policy 2.10.

12. AUTHORITY TO RESTRICT OR SHUT OFF SUPPLY

- 12.1 The CAO or their delegate, may without notice shut off the water supply to any part of the Town should he/she decide an emergency situation makes such action necessary.
- 12.2 The CAO or their delegate, may in a non-emergent situation shut off water supply to any part of the Town provided reasonable notice of such intended shut off is given to all affected Owners, except in the event of routine maintenance with shut off not to exceed thirty (30) minutes. The CAO or their delegate, shall have the sole discretion to determine what reasonable notice in the circumstance is.
- 12.3 The CAO or their delegate, may restrict and regulate the hours or time during which water may be used for any purpose other than for fire fighting.
- 12.4 The CAO or their delegate, may, by Publication upon reasonable notice, implement Water Demand Management Measures.
- 12.5 After Publication of any Water Demand Management Measures, it shall be an offence for a person to use water in contravention of the declared Water Demand Management Measures.
- 12.6 No Person shall allow the wastage of water.
- 12.7 If the CAO or their delegate, determines that water is being wasted, he/she may give notice to the Owner of their intent to discontinue Service.
- 12.8 In giving notice to discontinue a Service, the CAO or their delegate, shall bear in mind all the circumstances of the particular case including, but not limited to the estimated rate of wastage, the age of piping, the possibility of damage to adjacent property and the season of the year. The time allowed for stopping the wastage shall be reasonable but at the discretion of the CAO or their delegate.

13. BULK WATER

- 13.1 The CAO or their delegate, may, at their discretion and with just cause, restrict or deny use of a Bulk Water Outlet to any Person if receiving tanks, trucks, or hoses are in a condition deemed not sanitary for the transference of water or misuses facilities and surrounding area.
- 13.2 Commercial tanks and vessels used for bulk water transportation to offsite locations for human consumption must be inspected approved and have a permit issued by the local Public Health Inspector, water use and maintenance of the tanks, etc. are at the responsibility of the Commercial operator.
- 13.3 Any previous dispensing card system (white cards) can be returned to the Municipal Office and any remaining balance on the card may be transferred to the current truck fill dispensing system. No refunds will be given for lost or stolen water cards.
- 13.4 The CAO or their delegate, may at their discretion restrict, limit, shut down or deny the use of the Bulk Water Outlet for Demand Management Measures. In the event of an emergency, the CAO or their delegate may impose limits or restriction immediately without notice and such action will remain in effect until the emergency ceases and reservoir levels are filled to an acceptable level determined by the CAO or his delegate. Notices will be posted at the bulk water outlet as time permits.
- 13.5 The CAO or their delegate, may at their discretion restrict, limit, shut down or deny the use of the bulk water outlet should the CAO or his delegate impose Water Demand Management Measures B or C as identified in the Town's Operational Plan for Drinking Water. Notification of such action shall be posted on social media, the Town's website and by posting a notice on site at the Bulk Water Outlet station.
- 13.6 The CAO or their delegate will review annually Consumer usage for those users who have an account for the Bulk Water Outlet. Those Consumers who have not accessed the facility for a period two years (24 months) or more and have an account balance of less than fifty dollars (\$50.00) will have their account closed and the Town shall not be required to provide the Consumer with a refund or such notification.
- 13.7 The CAO or their delegate will review annually Consumer usage for those users who have an account for the Bulk Water Outlet. Those Consumers who have not used the facility for a period of two years (24 months) or more and have an account balance exceeding fifty dollars (\$50.00) will be contacted by telecommunication to advise the user that the account has been inactive for a period exceeding two years. Should the Consumer no longer require the services of the Bulk Water Outlet, the Town will refund the Consumer the balance remaining on the account. Should the Consumer no longer exists and the Town has exhausted their efforts to contact the Consumer, the CAO or their delegate will bring the matter to Council for approval to terminate the account and any remaining funds.

14. WATER RATES AND CHARGES, OPENING AND CLOSING OF ACCOUNTS

- 14.1 The rates and charges to be charged for the provision of Water Service shall be as set out in the Fee Schedule Policy 2.10.
- 14.2 The Town requires that new account requests or changes to Consumer utility services, provided by the Municipality, be placed in the name of the Owner(s) registered on the property title only as per Alberta Land Titles.
- 14.3 A property not vacated will be charged the minimum charge and any consumption exceeding the minimum consumption allocation set in the Fee Schedule Policy 2.10 will be charged to the account holder until such time as the Consumer vacates the property or new Consumers have made application to the Town or the Consumers have requested a disconnection.
- 14.4 Any Occupier, Tenant, or Property Owner not requesting closure of service will be charged the minimum rate as established in Fee Schedule Policy 2.10.

- 14.5 Where an Owner has setup an Account for Water Service, an Owner may request that the invoice for the Account be sent directly to the Consumer via email, as per Schedule 'B', and/or mailing address as identified by the Owner. Notwithstanding this section, the Owner remains the Account holder responsible for all debts incurred under that Account.
- 14.5.1 In the event the property is being occupied by a Tenant other than the Owner, a copy of the utility bill, at the request of the Owner, shall be mailed to the Tenant. The account, however, shall remain the responsibility of the Property Owner. Schedule 'A', Utility Form, will be signed by the Owner if a Tenant is requesting utility services provided by the Town.
- 14.5.2 A Consumer is not relieved from paying Utility Charges by reason of non-receipt of a Utility Bill, whatever the reason for non-receipt.
- 14.6 Any changes in Consumer utility services will be subject to an administration fee as per Fee Schedule Policy 2.10, prior to water being consumed. The request for change may be accepted verbally or in be required in writing depending on the circumstances. The administration fee will be included on the Consumer's first utility bill.
- 14.7 That the CAO or their delegate shall have the right to determine into which classification any service belongs and the CAO or his delegate decision shall be final and binding on all persons concerned.
- 14.8 Consumers who consume water without opening an account will be liable for the cost of water consumed as estimated by the Town.
- 14.9 All Utility Bills will be due and payable when rendered by the Town and payments will be made at the address indicated on the Utility Bill or to an agent of the Town.
- 14.10 A Consumer shall:
- 14.10.1 Pay all charges, fees and bills for Water Services performed by the Town in accordance with the Fee Schedule Policy 2.10;
- 14.10.2 Adhere to the requirements of this Bylaw;
- 14.10.3 Promptly pay their Account or any penalties assessed;
- 14.10.4 Provide payment at the Town Office, the Consumer's bank, pre-authorized payment plan or through online banking services. Credit card payments are not accepted.
- 14.11 That in the event a Utility Bill remains unpaid after the date fixed for payment, a penalty as the Council may establish by resolution from time to time will be added to the principal outstanding amount thereto and form part of the rates levied.
- 14.12 The Chief Administrative Officer or their designate, may disconnect Water Services to a Householder in the event that a Utility Bill remains unpaid as described in section 14.9 of this Bylaw.
- 14.13 Consumer may contact the Town for temporary or permanent Turn Off (service disconnection) of Water Service; charges may apply Fee Schedule Policy 2.10.
- 14.13.1 In the event of a vacated dwelling and/or building, the water service may be turned off at the curb cock or at the meter inside the dwelling and/or building providing the dwelling and/or building is heated during the winter months; the Town of Legal will not be responsible for any damages incurred.
- 14.14 The CAO or their delegate may Turn Off Service without notice for any of the following reasons:
- 14.14.1 Failure to open an account;
- 14.14.2 Neglects or refuses to pay by due date any charges levied pursuant to this Bylaw and Fee Schedule Policy 2.10;
- 14.14.3 If, in the opinion of the CAO or their delegate, an emergency exists;

- 14.14.4 The Consumer's facilities are unsafe or defective, leak excessively or cause a risk of contamination or deterioration to the Water System;
 - 14.14.5 For the purposes of repairing and maintaining the Water System;
 - 14.14.6 The Consumer fails to provide the Town adequate access to the Water System on private property or access to the premises for the purposes of reading, verification, testing, repairing, replicating or inspection of the meter as required;
 - 14.14.7 If, in the opinion of the CAO or their delegate, it is reasonable to do so.
- 14.15 No person shall have any claim for compensation or damages as the result of the Town shutting off the water without notice or from failure of the water supply from any cause whatsoever.
- 14.16 The CAO or their delegate, may at any time, upon endeavoring to provide forty-eight (48) hours notice to a Consumer and without any further notice Turn Off a Water Service or refuse to open an Account, if the Consumer:
- 14.16.1 Fails to perform any term of an Account;
 - 14.16.2 Contravenes any other section of this Bylaw;
 - 14.16.3 Fails to comply with notice to discontinue water use during Water Demand Management Measures or;
 - 14.16.4 Fails to comply with notice to discontinue wastage of water.
- 14.17 A reconnect fee as specified in the Fee Schedule Policy 2.10 will be levied before reconnection of a Service.
- 14.18 All Consumers shall pay for their water consumption and all other rates and charges as provided for Fee Schedule Policy 2.10 and any amendments thereof.
- 14.19 No reduction in rates will be made in the monthly or bi-monthly charges for water supplied to or made available to the Consumer for use by the Town due to any interruption or any cause whatsoever for the supply of water.
- 14.20 All rates and charges shall be included in a bi-monthly water bill, provided to the Consumer on the Utility Bill, and shall be due and payable monthly in the manner herein provided.
- 14.21 In the event a Utility Bill remains unpaid after the due date, a penalty of ten percent (10 %) shall be added to the principal outstanding amount thereto and form part of the rates levied.
- 14.22 In the event that the water bill remains unpaid by the following billing cycle (30 days for renter and 60 days for homeowner:
